

Intro to the Jamictionary

Dear reader,

This is a short intro to the "Jamictionary" : a compilation of music scores mixing some of the most frequently danced tunes in the European Balfolk festivals and some of the most frequently danced tunes in regional folk scenes. This database is designed to be used in multiple ways :

- As a leadsheet for the live performance in a jam session.
- As a collaborative database for dance music.
- As a music reading and training tool.
- As an enabler of transformation in the instrument hierarchy of jam sessions.
- As a discussion starter on how broken is the concept of traditional music databases.

There are currently 2 versions of the database : v.1 is named "Jamicionario" and the v.2 is named "Jamictionary". Only V.2 will remain after the transition period.

- V.1 : A Portugal-based Muscores and PDF-file database, lasting from 2022 to 26. If you're reading this introduction, V1 is the database next to it.
- V.2 : A International website in English language, starting on 2026.

What's inside :

V.1 :

- The goal of the "Jamicionário" is twofold :
 - To achieve a minimum common repertoire in the Balfolk jam sessions throughout Portugal.
 - To raise the local cultural and performance bar by introducing an organised map of the very extensive European folk and neo-folk dance music.
- It follows the blueprint of jazz's reference jam session book, "The Real Book." It then abandons the binding to exist as a shared folder on the internet that you can save on your computer. Each tune has two files: a PDF file and a MuseScore file. MuseScore is a software that allows you to edit the tunes, so you can create multiple versions of one score. There are no standards for the tunes : the melodies and chords I've provided are only suggestions. The software opens the door for the music jam be coordinated by any instrument as it makes real-time transposition of any music a possibility.

V.2 :

- The goal of the Jamictionary will be threefold :
 - To provide an central database into European trad. and neo.trad dance music focused on performance and jam sessioning.
 - To achieve a minimum common repertoire in the Balfolk jam sessions throughout Europe.
 - To raise the cultural and performance bar by introducing an organised map of the very extensive European folk and neo-folk dance music.
- It will follow the blueprint of Irish trad. music reference website, thesession.org. The website is now under development and will develop the architecture of "thesession" website by adapting to the complexities of music genres of European music and the challenges they present to adapt into the format of jam sessions.

How it is organised

The database owes its name (the amalgamation of Jam and Dictionary) to the organisation of the content. It is divided into 2 main categories :

- Dance families (mazurka, waltz, bourrée, etc.), organised in alphabetical order. Most tunes belong to this category. They are often further organised into subcategories (i.e., the two-time and the tree-time bourrée).
- Singles. This exceptional category incorporates the tunes that are specific to a single dance (Mardi Gras, Alunelul, Rumelaj, etc.). This separation between dance families and singles already exists in traditional Irish folk music, and they refer to "singles" as "set dances." The singles are not reorganised into subcategories.

Let's jam!

An Dro : d'Alan *Alan Stivell's*

Comp. : Trad. Brittany region, France

Disc. : Alan Stivell

Notes : Very simple melody played by the Breton harpist Alan Stivell at the concert at the Olympia hall (Paris) in 1972. This was a special gig because it marked the beginning of the "Celtic" music trend in France. There isn't a documentary that doesn't mention it, by Toutatis! Attention: Traditional Breton songs unfortunately have no names; this title was given by someone who wanted to categorize the melody. This tradition causes a lot of confusion and makes it extremely difficult to search for Breton music in databases.

♩ = 170

The musical score is written in 4/4 time with a key signature of one flat (B-flat). It consists of three staves of music. The first staff begins with a boxed 'A' and contains the melody for measures 1-4, with chords Am, G, Am, and a first ending (1.) with chords G and Am. The second staff begins with a boxed 'B' and contains the melody for measures 5-8, with chords G, F, Am, Am, F, G, Am, and G. The third staff contains the melody for measures 9-12, with a first ending (1.) with chords F, G, and Am, followed by a second ending (2.) with chords F, G, and Am, and then two measures of whole rests.

Comp. : Trad. Brittany region, France

Disc. : Namnètes

Notes : Traditional song popularized in the 1970s by the group Namnètes. The song tells the story of three ships arriving at the port of Saint-Nazaire and then, all of a sudden, there's trouble involving a young woman who meant no harm.

An Dro : An Triskell's

Comp. : Trad. Brittany region, France

Disc. : An Triskell

Notes : An Dro in 4 parts, which is unusual. I don't know if it's a combination of two An Dros by An Triskell, or if it was originally composed this way. An Triskell was a traditional Breton music band founded in 1970, which gained considerable popularity in the 1970s and 1980s. Attention: Traditional Breton songs unfortunately have no names; this title was given by someone who wanted to categorize the melody. This tradition causes a lot of confusion and makes it extremely difficult to search for Breton music in any database.

The musical score is written in 4/4 time with a tempo of 150 beats per minute. It consists of a single melodic line in treble clef. The score is divided into several systems, each with a key signature change indicated by a box letter (A, B, C, D) and a chord symbol (Am, G, Em, F). The score includes repeat signs and first/second endings.

System 1 (Measures 1-4): Key signature change to A minor (Am). Chords: Am, G.

System 2 (Measures 5-8): Key signature change to G major (G). Chords: Am, G. First ending (1.) leads to the end of the system.

System 3 (Measures 9-12): Key signature change to A minor (Am). Chords: G, Am, G, Em. Second ending (2.) leads to the end of the system.

System 4 (Measures 13-16): Key signature change to A minor (Am). Chords: Am, G, Em.

System 5 (Measures 17-20): Key signature change to A minor (Am). Chords: Am, G, F. Repeat sign at the end of the system.

System 6 (Measures 21-24): Key signature change to A minor (Am). Chords: Em, G, Am, G. First ending (1.) leads to the end of the system. Second ending (2.) leads to the end of the system.

System 7 (Measures 25-28): Key signature change to F major (F). Chords: F, Em, G. First ending (1.) leads to the end of the system. Second ending (2.) leads to the end of the system.

Notes: Arin-arin in Basque means “light-light,” suggesting a fast and technically difficult step to dance. Arin-arin is a dance that always follows the Basque Fandango, an isolated case among fandangos. It’s also curious because the Fandango is in 3/4 and the Arin-arin in 2/4, meaning the two are not very musically related. This version follows that of Duo Absynthe, and may differ from traditional Basque arrangements.

Notes : Baião is the tune type, Forró is the dance associated with it. This is perhaps the most played tune for Forró dance ever. This is also a song with suprisingly sad lyrics, it tells the story of someone who has to leave the Sertão area of Brasil because of a draught. "Asa Branca" is the short name of a South American pigeon, the *Patagioenas picazuro*, and in the song he also flees the draught.

The musical score is written in 3/8 time and consists of three staves. The first staff begins with a key signature of one flat (Bb) and a common time signature (C). It features a repeat sign after the first measure, followed by a sequence of notes: C, F, G, and C. Above the staff, the letters A, F, G, and C are placed above the corresponding notes. The second staff starts with a measure number '6' and contains a sequence of notes: C, G, F, and C. Above the staff, the letters C, G, F, and C are placed above the corresponding notes. The third staff starts with a measure number '11' and contains a sequence of notes: C, G, F, and C. Above the staff, the letters C, G, F, and C are placed above the corresponding notes. The score includes various musical notations such as treble clefs, time signatures, repeat signs, and measure numbers.

Bourrée 3T : Jeu de balle

Ball game

Comp. : Grégoire Jolivet (France)

Disc. : Duo Absynthe

Notes : According to Wikipedia, the bourrée is a French-origin dance common in the Auvergne and Biscay regions in 17th-century Spain. Very popular bourrée at Porto's dance nights (in the semi-electronic version by Duo Absynthe). Excellent tune to play ball with a 4-3-3 attacking strategy.

Bransle d'Ossau : Civada

White oats

Comp. : Joachim Montbord ? (France)

Disc. : Man Encantada

Notes : A song with lyrics in Occitan. It became notably popular during the concerts Man Encantada gave in Portugal from 2022 to 2024. Ossau is a valley in the French Pyrenees, not far from the city with the most don't-mention-it-to-Brazilians name: Pau.

♩ = 80

The musical score is written for a single melodic line in treble clef, with a key signature of one sharp (F#) and a 2/4 time signature. The tempo is marked as 80 beats per minute. The score is divided into four systems, each containing a staff of music with corresponding chords indicated above the notes. The first system (measures 1-4) starts with a repeat sign and a first ending bracket. The second system (measures 5-8) includes a first ending bracket and a second ending bracket. The third system (measures 9-12) continues the melody. The fourth system (measures 13-16) ends with a double bar line and two empty measures.

Corridinho : Sariquité

Comp. : Trad. Ribatejo (Portugal)

Disc. : Uxu Kalhus

Notes : A song whose melody is perfect for finger-tying intricacy. The name likely means "going from one side to the other," though there are other possibilities according to the Portuguese "Ciberdúvidas" website. The name makes sense, the melody itself moves from side to side.

♩ = 180

The musical score for "Corridinho : Sariquité" is written in 2/4 time with a key signature of one sharp (F#). The tempo is marked as ♩ = 180. The score is divided into two main sections, A and B, each with a repeat sign. Chords are indicated above the staff: D, G, Em, and Am. The melody is characterized by intricate finger-tying patterns, particularly in the first and third staves of each section. The score ends with a double bar line and three measures of whole rests.

Fado : Batido dos Roncos do Diabo

Stomped fado from the band "Roncos do Diabo"

The lads of the Portuguese bagpipe ensemble "Os Roncos do Diabo" ("The Devil's Snore") always play it in minor keys with a lot of power. Notes : A 19th-century song. It tells of three young sailors who went to Newfoundland (Canada). The lyrics are in Breton Gaelic and recount that the three sailors met some cheerful native women who happened to be ready for marriage. Intriguingly, the song makes no reference to Canada's high divorce rates. This song is very well known in France, it became the symbol of the French 1970s celtic revival. The structure of this version follows the "ronde à 3 pas" dance as seen on YouTube, not the Trad-Pop version by Alan Stivell. Also, the scale is D Dorian (with B natural), not D Aeolian (with B-flat).
